

FORMULAIRE D'INSCRIPTION

The Vers mon AUTOonomie project aims to help young people between the ages of 16 and 35 from the Haut-Saint-Laurent and Jardins-de-Napierville territories as well as the municipalities of Saint-Urbain-Premier and Sainte-Martine to obtain their driver's license. Obtaining a driver's license will allow them to develop their autonomy and thus facilitate the achievement of their employment and educational objectives.

The financial aspects of the project are covered. Places are limited. Those selected will have to commit to 40 hours of volunteer work in the community over a set period of time.

The questions included in this form will allow us to select the candidates according to the following criteria:

- Assessment of the objective to be achieved (10 points)
- The effects obtaining a drivers license will have on the candidate's goals (10 points)
- Motivation and efforts to find a place to volunteer (10 points)
